# ABOUT US

## About Quotesouk

Quotesouk is the first of its kind as an online business facilitator in India. Quotesouk is developed by ABHET as a state-of-the-art online business platform. Quotesouk enables the buyers to post their requirements in a precise manner. Suppliers can provide quotes for the products or services according to the buyer's requirements while maintaining an affordable margin of profit. Our seller & buyer apps will help facilitate this buying and selling process resulting in the buyer getting the product at an economical price. Our slogan "Let sellers come to you" has been framed accordingly. Quotesouk App is available in Android, IOS and Web platforms. Install now to explore the opportunities we offer as an online business facilitator operating out of India.

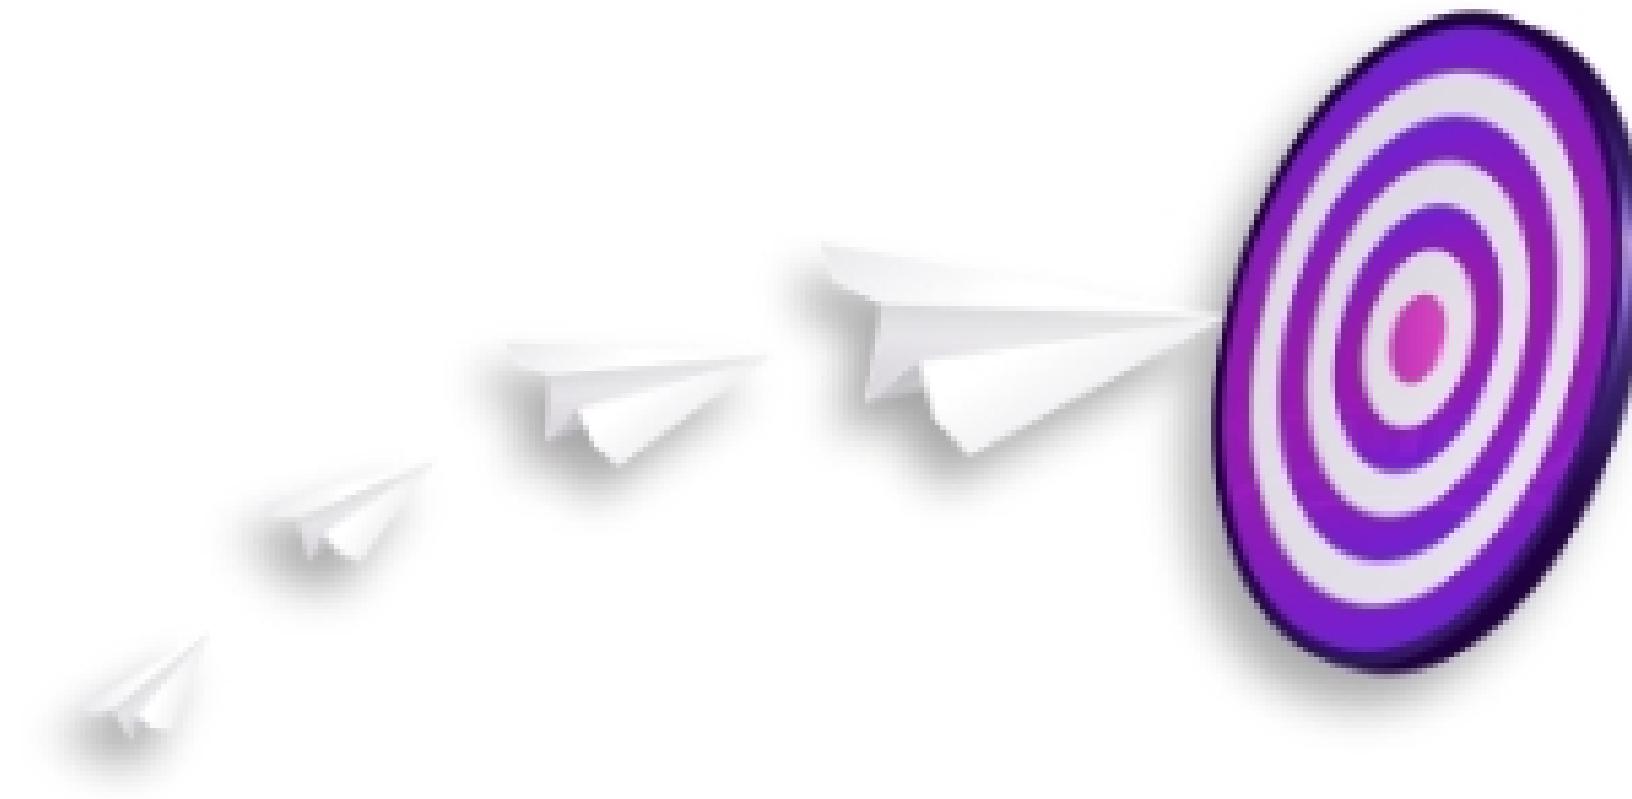

## VISION

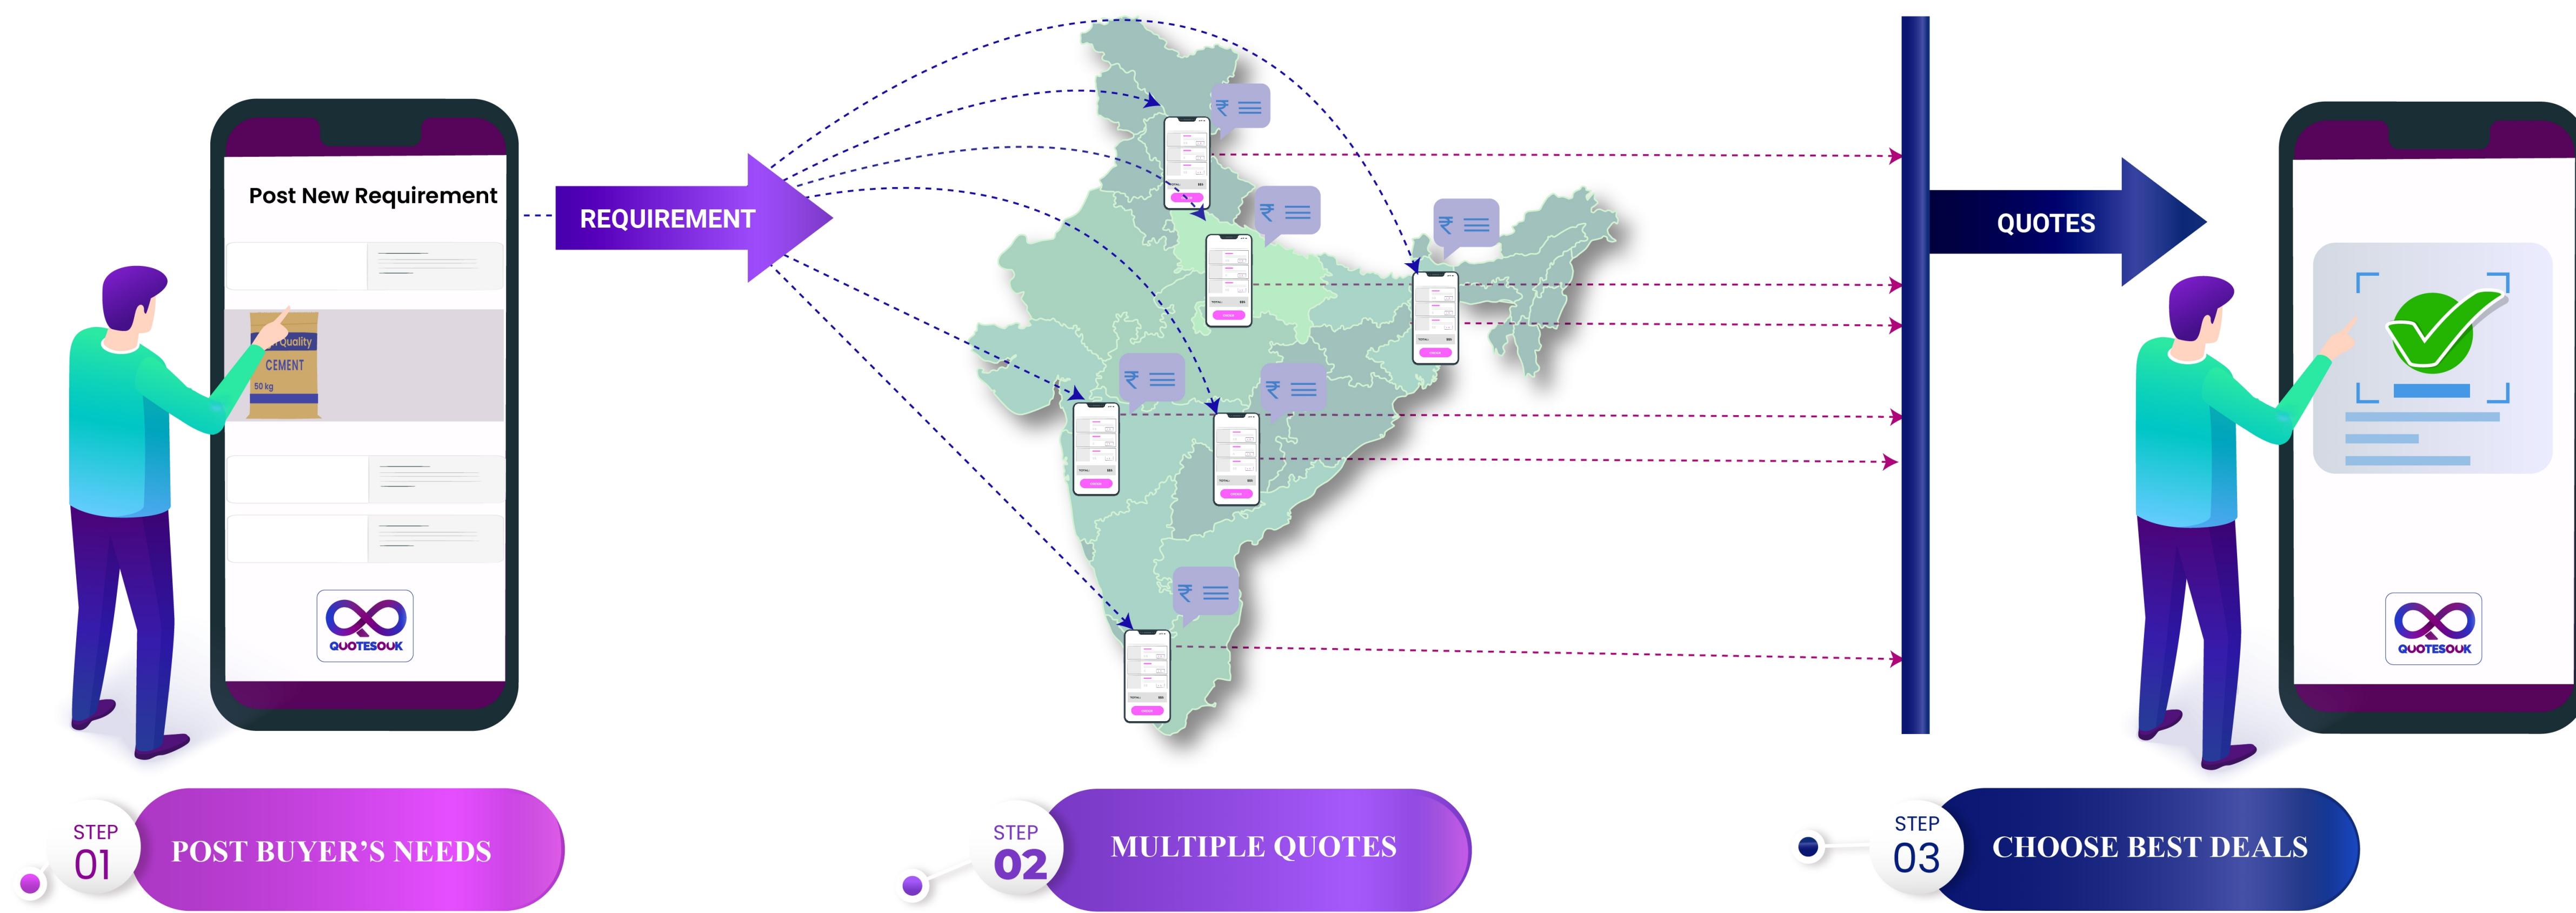

ABHET aims to be the best application for all the B2B and B2C requirements in India for a hassle free trade in the digital age and to pledge our univocal support to encourage the " Make in India" & " Atmanirbhar Bharath" projects.

## MISSION

- To be a torchbearer for change in the existing trade culture in innovative ways.
- To encourage manufacturers, suppliers, service providers & buyers to conduct business in the simplest manner, while cultivating trust & reliability with increased profit margins to the seller and the buyer at the same time.
- To digitalize existing trading practices and minimize human intervention.
- To act as an innovative channel for sales and distribution through the use of technology for passing on the benefits to the stakeholders.

[BACK TO TOP](#)

# HOW OUR APP WORKS

The buyer has to post his requirement in a precise manner using the "post new requirement" option.

This requirement will be forwarded to suppliers, who will then submit quotes in response to the given requirement.

The buyer has to choose the quotation best suitable for his needs.

## Login/Sign-Up

Quotesouk is an e-Commerce user-friendly app and to get started with us, you should first create an account and log in with just a few clicks.

## Dashboard

Navigate through the different pages using our user-friendly interface. You will get the glimpse of all our features in our simple yet functional dashboard.

## Post Requirements

To get started, submit your requirements in the "post requirement" page on e-commerce app. Fill out the form for it and submit along with your specifications. Your requirements will be forwarded to the appropriate group of Sellers.

## Quote Details

You will receive multiple quotes for the same product, which you can compare and choose the one most appropriate for your needs, accept it and make the payment. The quotes can be viewed under your requirement in the "active requirements" page.

## Order Details

After you've made a payment, you'll be able to see the order information in the page "order history".

## Shipping Details

You will be able to view the shipping details in the "shipping details" page. Along with shipping details other specifications such as order id, delivery date and total amount can also be viewed here.

## CHOOSE E-O, BREATHE EASY.

## About

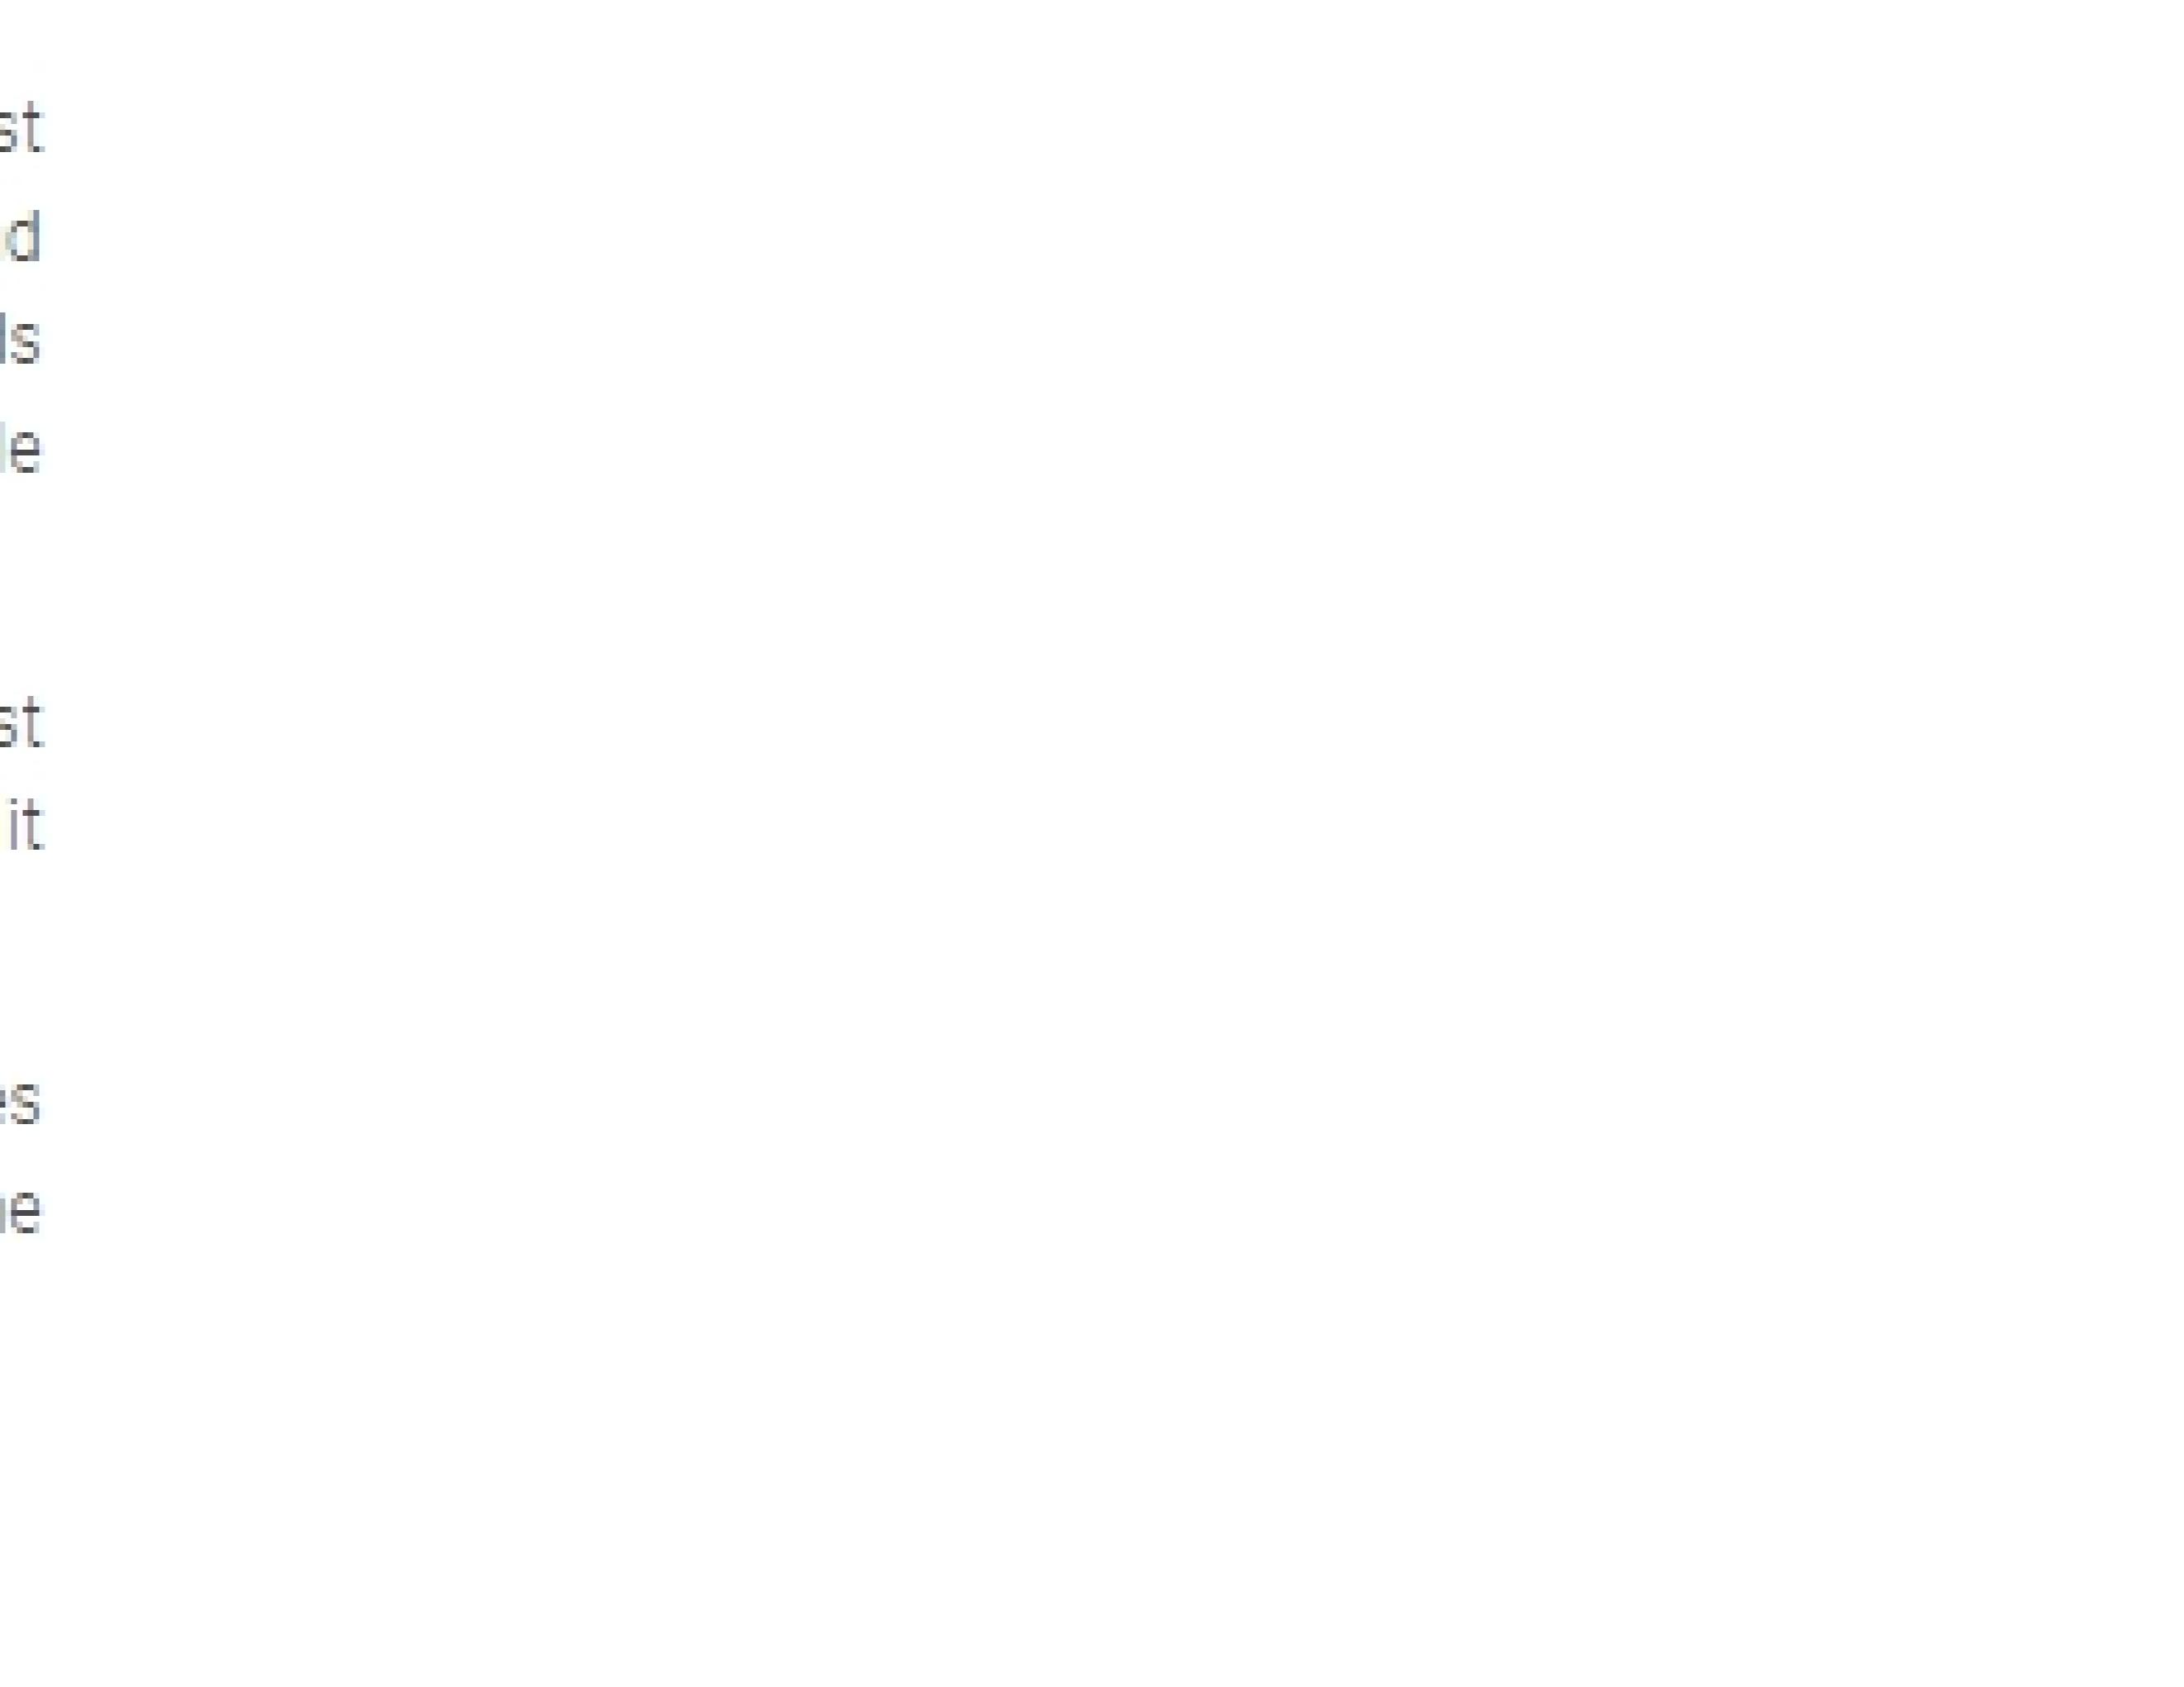

The Greenply group of companies under the dynamic and visionary guardianship of Sri L.M. Keshri is on the threshold of entering the big league of business organization with specialization in timber purchase, Veneer and plywood manufacturing facilities.

It has well equipped, modern and updated machineries along with a professional team of committed, hardworking individual in pursuit of excellence while producing a range of products in the plywood sector.

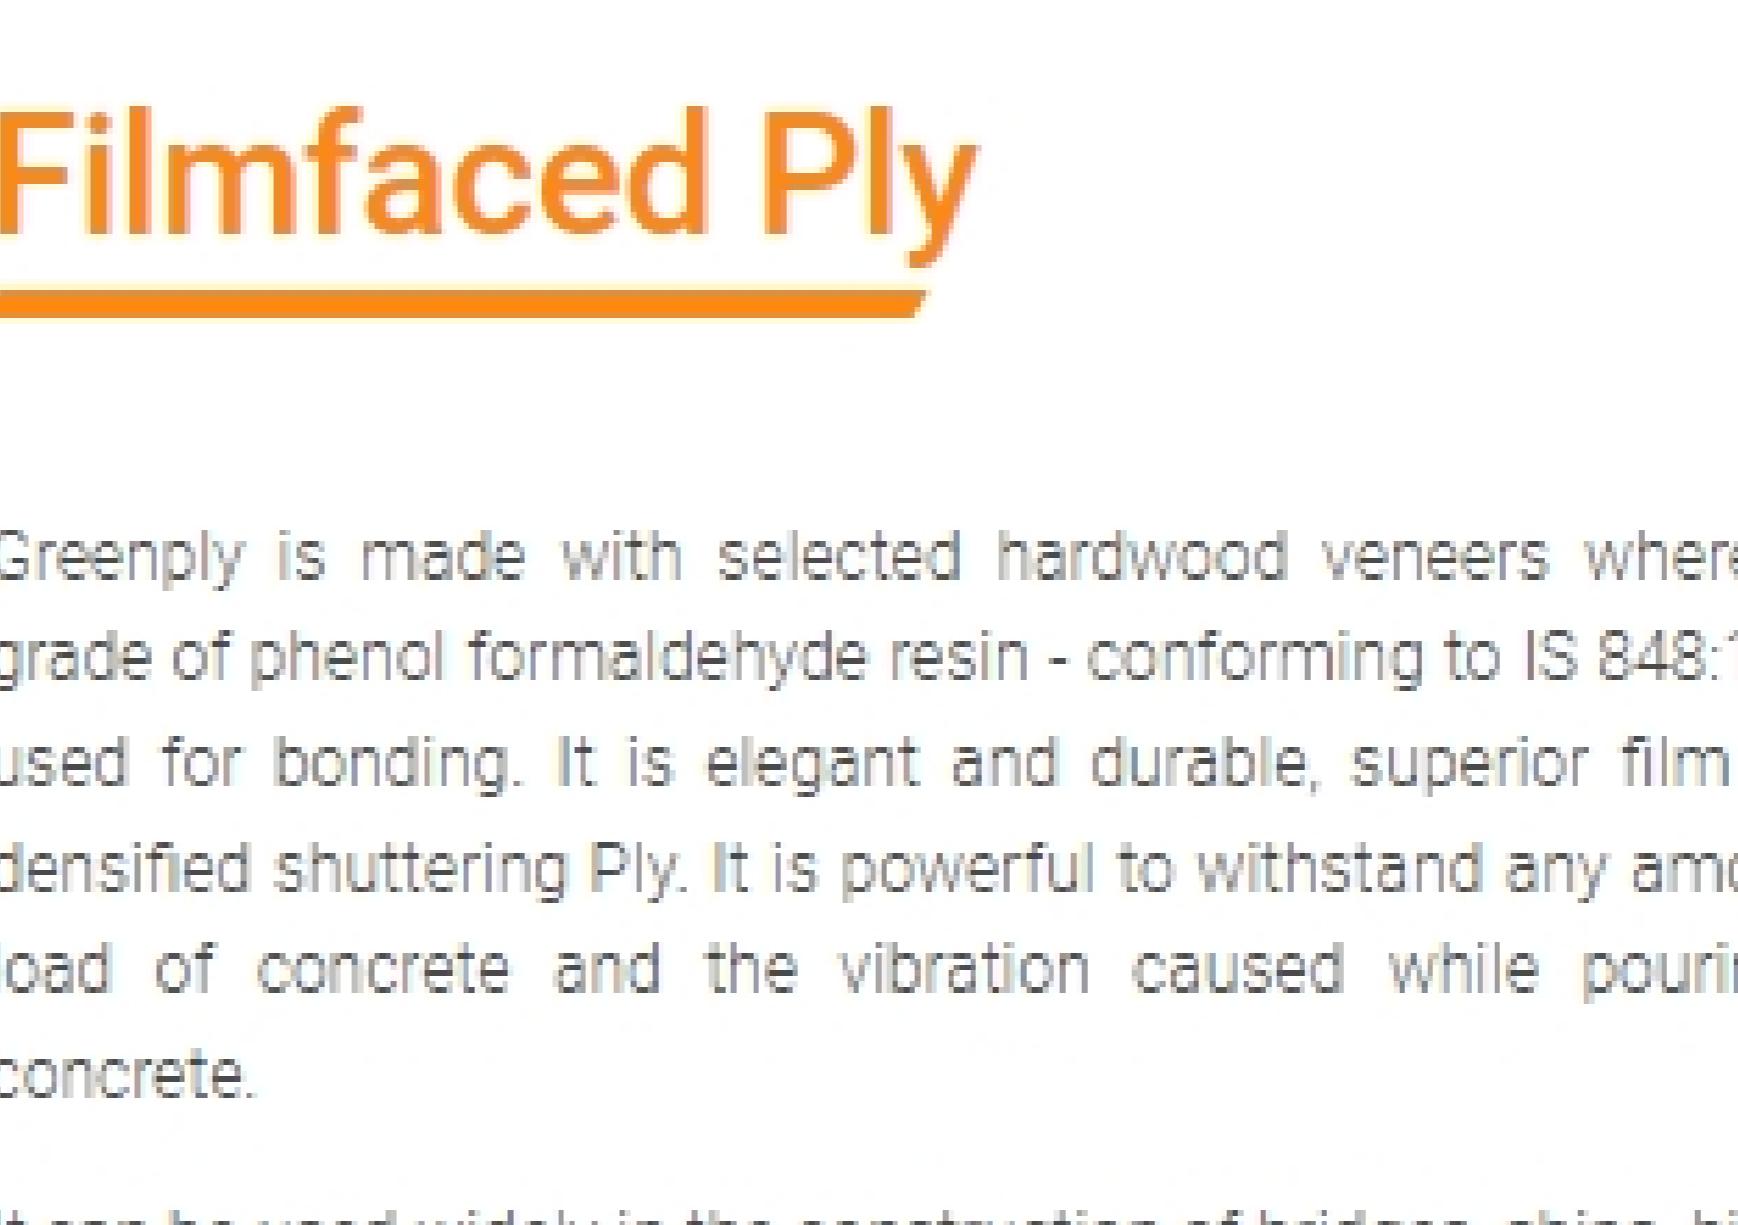

It has clear transparent and explicit policies of acquiring the best available raw materials, processing under clean and environmentally congenial atmosphere and meeting to the needs of the workforce with a human face and in the most equitable manner.

The unambiguous objective / motto of the company are utmost customer satisfaction for the entire range of product it manufactures.

The marketing wing is managed by efficient and committed sales executive catering to the needs of the customers who are the primary force and revered visitors.

## Flexible Ply

Design is an element of imagination and imagination cannot be restricted to straight lines and 90 degrees. Creative people feel limited by restricting their thoughts. Thus, for the flexible and imaginative minds, Everest presents the magical flexi ply, which can mould and bend into any shape without clipping, cracking, peeling or staining.

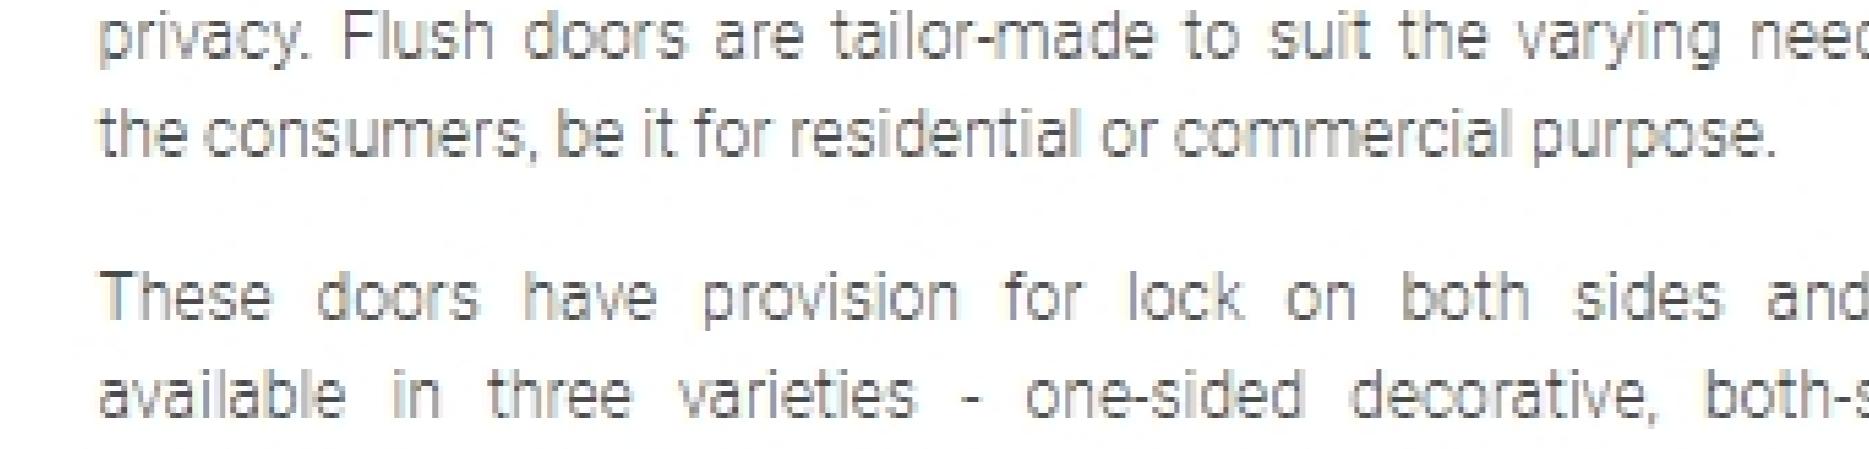

Greenply Flexi is an 8' x 4' flexible plywood sheet easily bent by hand.

Shapes/ Curves can be formed without labour intensive efforts associate with bending of plywood.

Complex multi-radical shapes can be created that would otherwise be virtually impossible.

Used in all kinds of imaginative interior designs where curving and rounding is required.

[Sent Enquiry](#)

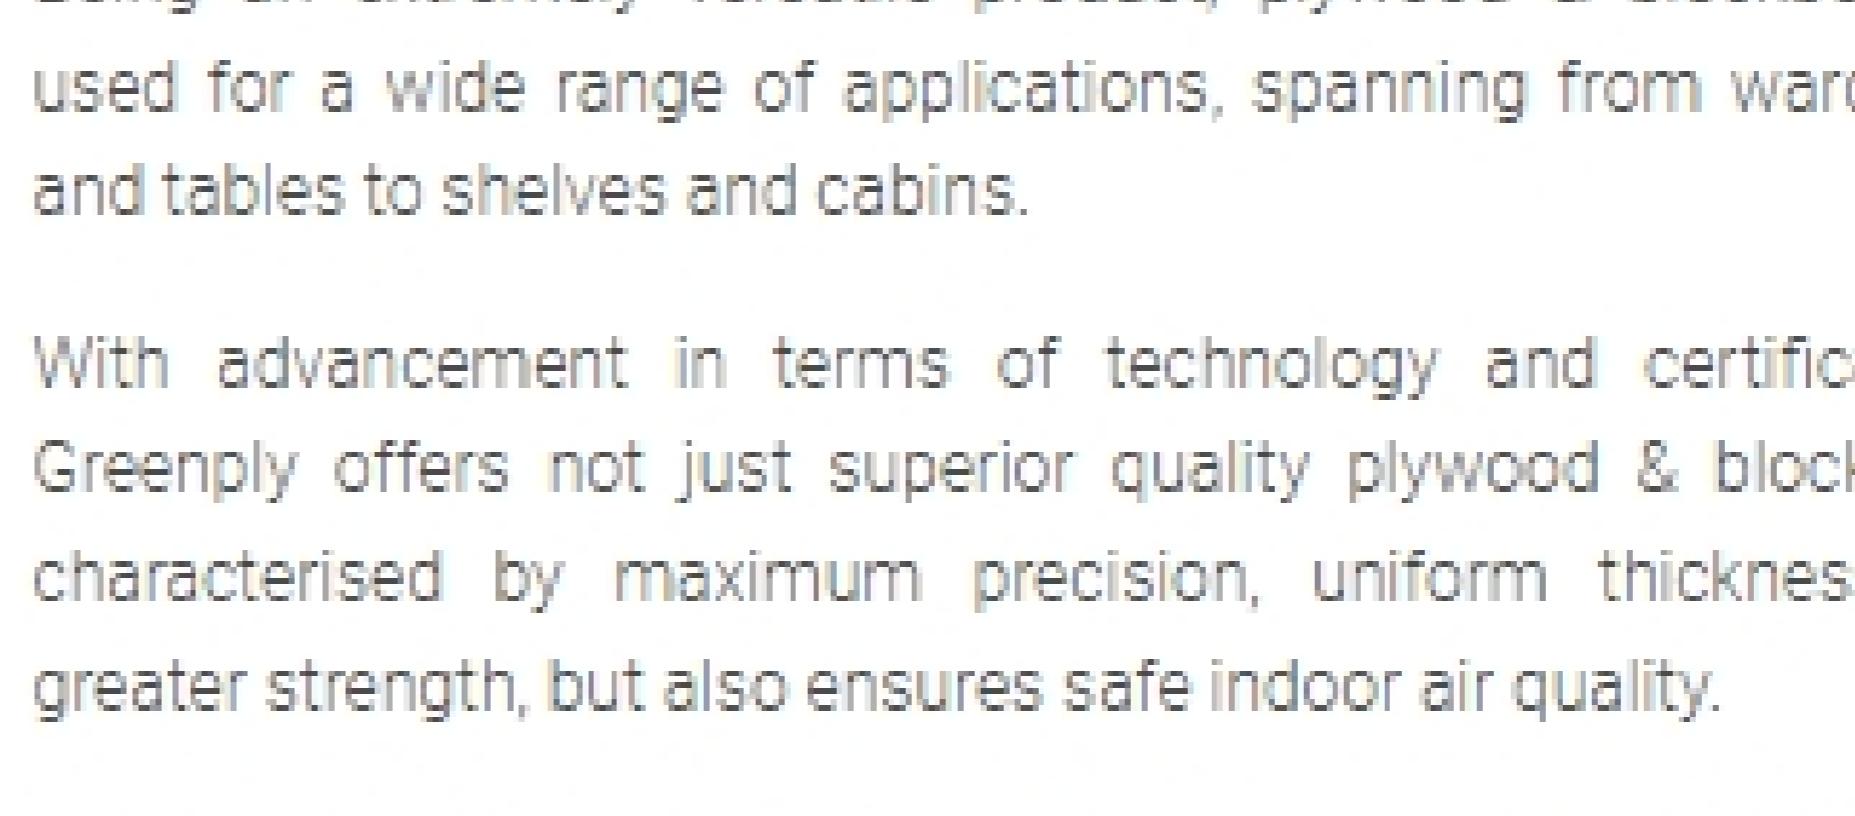

[Sent Enquiry](#)

## Filmfaced Ply

Greenply is made with selected hardwood veneers where BWP grade of phenol formaldehyde resin - conforming to IS 848:1974 is used for bonding. It is elegant and durable, superior film faced, densified shuttering Ply. It is powerful to withstand any amount of load of concrete and the vibration caused while pouring the concrete.

It can be used widely in the construction of bridges, ships, high rise buildings, water tanks, cooling towers etc.

Different types of shuttering ply are available depending on density viz. 30kg, 34kg etc. A 30 Kg Greenply shuttering ply easily gives 24 to 30 repetitions. Greater the density, more would be the re-use value.

[Sent Enquiry](#)

## Flush Doors Ply

Greenply flush doors comes with strength, dimensional stability and high impact resistance to offer security, protection and privacy. Flush doors are tailor-made to suit the varying needs of the consumers, be it for residential or commercial purpose.

These doors have provision for lock on both sides and are available in three varieties - one-sided decorative, both-sided decorative and non-decorative wooden flush doors.

The doors are preservative-treated and demonstrate sufficient strength to resist knocking and slamming. Steps are taken to ensure the product is free from warping and delamination.

Greenply offers a range of flush doors at affordable prices. No other flush door manufacturers come close to the promise that we deliver.

[Sent Enquiry](#)

## Blockboard Ply

Being an extremely versatile product, plywood & blockboard is used for a wide range of applications, spanning from wardrobes and tables to shelves and cabins.

With advancement in terms of technology and certifications, Greenply offers not just superior quality plywood & blockboard characterised by maximum precision, uniform thickness and greater strength, but also ensures safe indoor air quality.

Topping the list of the best plywood brands in India, we at Greenply offer branded quality plywood at just the right price. If you're searching for the highest quality commercial or marine grade plywood or blockboard, Greenply is definitely the right choice.
